

Benefits

- ❖ 30% higher cold start performance
- ❖ absolutely maintenance-free
- ❖ latest calcium-calcium technology
- ❖ charging control display / power control / magic eye
- ❖ increased starting power over the entire service life
- ❖ reliable and durable
- ❖ suitable for 14.8 volts charging voltage
- ❖ ready for mounting and ready to go
- ❖ integrated carrying handle

Panther +30%

Black Edition

is the ideal battery for motors with starting difficulties, diesel vehicles and on-street parker. Car drivers with a high need for security or even vehicles with a large number of electrical consumers will benefit from the increased performance.

Graphic explanations for battery connectors, circuits and floor strips can be found on the pages 89 to 94

Properties

Product range	Panther +30%	Charging voltage	release for charging voltage to 14.8 V
Technology	calcium-calcium technology	Charging control	power control / magic eye
Finish	filled and charged	Cold start performance	400 A/EN up to 850 A/EN
Quality	original equipment	Usage	automobiles, vans, farm machinery etc.
